Thanx Gayle,

Please use my original comments on this bill:

Subject: SB 106

Please do not support this bill! For the following reasons:

- 1. It is totally against our constitutional right that you are innocent until proven guilty.*
- 2. Employers should not be charged with enforcing immigration laws.*
- 3. If an employer breaks the law, then there are many ways already in place for penalties. Use them!*
- 4. Just one more thing that keeps CT in an unfriendly business state.*

Sincerely,

Gary Bergeron
